

MISSION STATEMENTS

Vingo believes that affordable access to an immersive, social exercise experience can have a profound impact on improving the health and well being of individuals.

We are focused on being a great technology, marketing and fitness knowledge company that will create immersive social environments to support unique exercise experiences.

We believe that a high level of social connection and interactions lead to better exercise experiences and improve an individual's ability to achieve their fitness goals.

Vingo supports a wide range of connected technologies to make the platform accessible to all. From simple foot pods to high end smart treadmills.

Vingo brings together communities of people that have shared fitness goals – weight loss, improved fitness, rehabilitation. We will provide coaching, encouragement, real time feedback, content and reporting to support these goals.
